

SCENAR TRAINING HELD IN NEW YORK, NY

“TREATING COMMON ILLNESSES AND CONSTRUCTING A SCENAR COURSE”

AN INVITATION TO LEARN RUSSIAN MEDICAL TECHNOLOGY

We arrange informational sessions, seminars and trainings where leading specialists in SCENAR therapy present innovative methods of SCENAR technology, latest devices and additions to them, as well as answer questions and address concerns of the participants.

You have a unique opportunity to meet with [Dr. Subbotina](#) (Scenar Academy) in person. Training will take place in **Better Health Chiropractic Clinic** on February **22th – 24th, 2013**. Lectures and hands-on 8:00 am – 5:00 pm

Course we offer:

“*Treating common illnesses and constructing a SCENAR course*”

Dr Subbotina seminar will show you formulas and combinations to use in many situations in your practice

- To teach these formulas (or the principles of their formation) so that you can carry out SCENAR

procedures

- The formation of illness is based on equal principles and any recovery has the same rules

- We can use these rules to build and construct a SCENAR course

1 Concepts of energy - information medicine: health, adaptation, disease, healing laws

2. Principles of the building and designing of the procedures during SCENAR course: sequence of the choice of the methods following healing rules and hierarchy principles

3. Groups of the methods:

- drainage methods (cleaning methods, lymph drainage, excretion organ projection

- energy methods (meridians treatment, chakras methods, energy points, joints treatment)

- mental methods (craniotherapy, 6 points, monad method, mental triangles, mental spirals, 6

Points on the face and on the abdomen)

-adaptation system methods and local treatments (new approach)

4. Principles of the end of SCENAR course (energy ellipses, daily energy method, vaccinations)

We believe this important SCENAR event will help all participants to enhance their knowledge and gain new techniques to apply in their practice.
